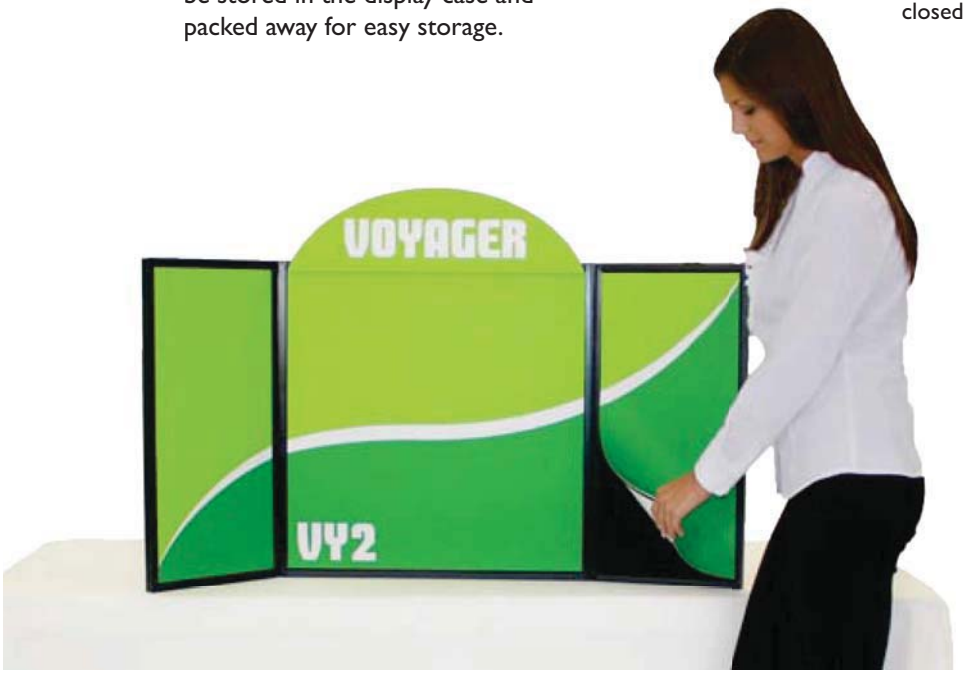
Detachable graphics allow for easy changes! Extra graphics can be stored in the display case and packed away for easy storage.



Carry your Voyager hands-free by adding a water-resistant canvas carry bag with shoulder strap. Stores header, extra graphics & literature. Call for Pricing

The Orbital Express Truss System requires NO TOOLS for set up! Installation couldn't be easier, simply twist & lock. The specially designed connectors are simple to use, strong & secure. Our truss kits can be reconfigured in multiple ways using the same parts. Have a different exhibit for each show! We offer more than 40 professionally designed "off the shelf" kits for a variety of booth sizes and configurations. Each kit comes complete with all the parts, fixtures and fittings you need to create a successful exhibit, including (depending on the kit) low voltage spotlights and adjustable tabletops.

ORBITAL EXPRESS expo truss

SIRIUS

10'x10' KIT OR-K-SR1

The Orbital Express Truss System requires NO TOOLS for set up! Installation couldn't be easier, simply twist & lock. The specially designed connectors are simple to use, strong & secure. Our truss kits can be reconfigured in multiple ways using the same parts. Have a different exhibit for each show! We offer more than 40 professionally designed "off the shelf" kits for a variety of booth sizes and configurations. Each kit comes complete with all the parts, fixtures and fittings you need to create a successful exhibit, including (depending on the kit) low voltage spotlights and adjustable tabletops.

All Orbital Express Truss kits are both an economical and eco-friendly exhibit choice. All kits include appropriate shipping cases.
